

Infotonics Technology Center
Dr. Nancy Stoffel

MEMS Specialties

- Optics
- Microfluidics
- BioMEMS
- RF
- Inertial

World Class MEMS Innovation

Integrated Services

- Proof of Concept
- Design for Manufacturability
- Fabrication
- Packaging and Testing
- Specialty MEMS commercialization

World-class Facilities

- Production tools
- MEMS industry veterans

We are seeking to join research teams that have need for design, fabrication and packaging resources in MEMS and photonics.

Nancy Stoffel
Director of Program
